BACKGROUND:

Due Founded in 1853, our family-owned company supplies a wide range of agricultural machinery. We are looking for a parts advisor based at our Kirkbymoorside Depot.

ROLE PURPOSE:

Reporting directly to the Part Manager, you will be required to promote and sell parts to meet customers needs, as well as supplying our service technicians with parts as and when required. You will maintain merchandise and presentation in our retail shop whilst assisting with daily stock management and organisation.

THE SUITABLE CANDIDATE WILL:

- Excellent customer service skills
- Experience within the agricultural industry would be advantageous, but is not essential as product training & support will be provided
- Ability to liaise with customers, staff and suppliers as required
- Have the ability to work alone using your own initiative and as part of a team
- Computer literate • Self-motivated
- Full clean driver's licence • Good general appearance.

THE PACKAGE:

START DATE: Immediate

HOURS: 39hrs per week: Monday to Thursday 8am to 5pm

and Friday 8am to 4pm - 1hr unpaid lunch. Friday / Saturday rota cover

SALARY: Competitive, depending on experience

BENEFITS: 33 days annual leave including bank holidays, workplace pension.

Paxtons Heading West: New Wigton Depot Operational this July!

JG Paxton & Sons Ltd is proud to announce the upcoming official opening of our new depot near Kirkbride, Wigton this July.

Following the fantastic turnout at our recent Kverneland Grassland Demo Day at Kirkbride Airfield, we are excited to get things moving and be a part of the farming community.

As the main franchise dealer for Kverneland, Vicon and Polaris in Cumbria, alongside top brands like NC Equipment, Albutt, Draper and Stihl; we are fully equipped to keep your business moving.

Meet the Wigton Team

Our dedicated Cumbria team brings decades of agricultural experience, specialist expertise, and a genuine understanding of local farming needs.

Parts & Repairs: Any Make, Any Model

From regular servicing to emergency breakdowns, our workshop is ready. While we are Case IH specialists, we undertake repairs on all makes of farm equipment.

We also stock a vast range of genuine and non-genuine parts to minimise your downtime:

- **Main Franchises:** Full parts support for Kverneland, Vicon, and Polaris.
- **All-Makes Parts:** Rapid sourcing of non-genuine parts from trusted suppliers Kramp, Granit, and Sparex.

Get in Touch or Drop In

Find Us: Near Kirkbride, Wigton, Cumbria, CA7 5HP

David Todd ("Toddy") Cumbria Aftersales Manager

• Role:

Oversees the day-to-day running of the Wigton depot, workshop, and parts departments to ensure first-class customer service.

• Favourite Machine:

Case IH Puma LWB.

• Fun Fact:

When he's not managing the depot, David is a multiple-time British Champion Tractor Puller with his modified tractor, "Redemption". He is also a keen Liverpool FC supporter.

Andrew Scott ("Scotty Sales") Area Sales Manager

• Role:

Looking after new and used agricultural machinery sales across North, East, and West Cumbria.

• Favourite Machinery:

Kverneland ploughs and grassland kit.

• Favourite Part of the Job:

Getting out on farm, chatting with customers, and the occasional cup of tea and slice of cake!

• Fun Fact:

Andrew is a Liverpool FC fan and loves winding down with trips away in his caravan.

Meet the TEAM

Left to right:

David Todd, Ian Scott, Andrew Scott

David Todd is multi times No.1 Tractor pulling champion with 'Redemption'

Dealer for Polaris, Kverneland & Vicon

Ian Scott ("Scotty") Technician

• Role:

On-farm and in-workshop servicing and repairs for all makes and models of agricultural machinery. Ian is a dedicated Case IH specialist.

• Favourite Machine:

Case IH Puma CVX 175.

• Fun Fact:

Ian is a loyal Celtic FC supporter and serves as his local darts team captain.

Mower Spotlight : STIHL RT 5112 Z

Why is Father Michael's new ride the talk of the parish? Here is a quick look at what this machine brings to the Presbytery grounds:

- **Cutting Width:** 110 cm side-discharge and collection system for massive coverage.
- **Grass Catcher Box:** A whopping 350-liter capacity, featuring an easy-to-use saber handle so Father Michael can empty it right from the driver's seat.
- **Comfort Drive:** An adjustable, spring-loaded seat paired with a single-pedal self-propulsion system makes navigating tight corners around the churchyard effortless.

LOCAL PRESTIGE: Paxtons Own Marc Varley delivers premium STIHL Ride-On to Presbytery

At Paxtons, our commitment to our customers doesn't end when a purchase is completed. Our dedicated After-Sales team ensures that every client receives ongoing support, guidance and care to get the absolute most out of their investment.

This week, Paxtons very own machinery expert, Marc Varley, went above and beyond to ensure a seamless handover of a brand-new, top-tier STIHL RT 5112 Z ride-on lawn mower. Instead of a standard delivery drop-off, Marc personally transported and transitioned the powerhouse mower to its new home at the local church, handing the keys directly to Father Michael of St Cuthbert's Presbytery.

The Presbytery grounds, known for their expansive lawns and beautifully kept green spaces, require serious upkeep. Enter the STIHL RT 5112 Z. With its synchronous mowing deck, effortless forward/reverse drive switching, and an incredibly robust twin-cylinder engine, the mower is designed to turn hours of gruelling yard work into a precise, efficient breeze.

For Father Michael, the new addition is a game-changer for maintaining the parish grounds. For Marc, it was just another day of ensuring the Paxton community gets the absolute best—both in high-end turf machinery and trusted local expertise.

With Marc Varley checking every nut and bolt before handing over the keys, the Presbytery lawns are officially in the best hands possible. Keep an eye out for Father Michael mastering the turf this spring!

The Evolution of Power: Classic Heritage Meets New-Gen Muscle

We are thrilled to highlight a true piece of living history in this month's bulletin!

Feast your eyes on this beautifully restored International 454 - a classic model that holds a deeply special place in our hearts. More than just a vintage gem, this exact tractor represents a massive milestone for us: it was the very first tractor John Paxton ever sold. Standing as a testament to engineering longevity and the deep roots of JG Paxton & Sons Ltd, it serves as a wonderful reminder of where our journey began. Be sure to look out for it at our Pity Me, Durham HQ!

From Mechanical Workhorse to High-Tech Command Centre

While the International 454 reminds us of our roots, the next-generation Case IH Puma 185 shows just how far farm technology has come. Moving from purely mechanical setups to a fully integrated data hub, the short-wheelbase Puma 185 completely redefines modern efficiency.

Compact Muscle:

A re-engineered chassis delivers an 18% increase in gross vehicle weight (up to 13,500 kg) for a massive 5,500 kg payload, combined with a 20% tighter turning radius (just 11.4m) for effortless maneuverability.

Fluid Performance: Upgraded Active Drive 8 (dual-clutch) or CVXDrive transmissions offer seamless shifting and active slope-holding, paired with high-flow hydraulics pumping up to 170 l/min.

Premium Operator Comfort:

The outdated mechanical levers of the past are replaced by an ergonomic Multi Controller Armrest, a 12-inch Pro 1200 touchscreen display, advanced cab suspension, and 60% better visibility.

Fully Connected:

Seamless data tracking via ISOBUS Class III and the new FieldOps™ telematics platform, backed by an industry-leading 750-hour engine service interval to slash downtime.

Ready for the Field? Upgrade Today

We currently have a strong lineup of Case IH tractors ready for immediate delivery at Paxtons - perfectly configured for northern farming conditions ahead of the upcoming harvest and autumn cultivation.

Whether you need a reliable loader tractor, extra hands for the silage clamp, or a new frontline prime mover, beat the factory lead times and take advantage of our full dealer support and trade-in valuations.

Interested in a closer look?
Contact your local Paxtons Sales Representative today to check stock availability or arrange a viewing!

YELLOW & RED

LOOKS GOOD IN YOUR SHED

At Paxtons we know that when it comes to reliability, a distinct color palette reigns supreme. Our powerhouse combination of JCB and Case IH equipment is designed to tackle your toughest farm tasks - and the best part?

Currently in stock and ready for delivery

The Machinery Lineup

JCB Yellow (Material Handling): Pristine JCB Loadall telehandlers featuring heavy-duty Q-Fit carriages, pallet forks, and premium Agri-spec cabins built for ultimate lifting power and all-day operator comfort.

Case IH Red (Field Dominance): Formidable tractors equipped with integrated Case IH front loaders, engineered to deliver high torque, fuel efficiency, and versatile performance from yard to field.

Whether you need to lift higher with JCB Yellow or pull harder with Case IH Red, maximizing your farm efficiency starts here.

**These units won't sit around for long.
